

Welcome to City of Milpitas Building & Safety Department

On-line plan check submittals

In effort to further improve customer service and streamline the permitting process effective January 1, 2013, Building and Safety Department introduced new on-line plan check submittals service. Currently, homeowners, building contractors, developers and other interested parties are already able to schedule inspections, check status of their building permit applications, inspections and obtain some types of building permits on-line without leaving their home or office. Now the developers, homeowners, contractors and others can submit their building permit applications and plans on-line.
